

## Lab 9 (Corresponds with Homework 7)

STA-360, Fall 2020

The lab this week corresponds to two homework problems. Please bring questions to the lab regarding the homework problems. You will be expected to have attempted the homework exercises. In lab, you will have an opportunity to work with students in group to attempt the homework problems and ask TA's questions. (The TA's will not solve the problems for you).

1. (Multivariate Normal, 30 points, 10 points each) Hoff exercise 7.3 (Australian crab data).
2. (Imputation, 50 points, 10 points each) Hoff 7.4 (Marriage data).
